

Tekion Digital Processing (TDP)

Interstate Processing

Empower your finance or business office to move quickly to the next deal while your title clerk focuses on in-state transactions. Available for both Tekion Automotive Retail Cloud (ARC) and non-Tekion ARC dealers, TDP offers a revolutionary approach to simplify complex processes and enhance operational efficiency.

Calculations

- Accurate tax, title, and license calculations for all 50 states and D.C.
- Comprehensive coverage for in-state/interstate calculations
- Ensured compliance, avoiding lender delays

Forms

- Dynamically populated state and deal-specific forms
- Comprehensive library of all state-specific forms
- Continuous real-world transaction updates for compliance

Standard Processing

- Document and fee preparation and submission to the state, while you maintain buyer interactions
- Expedited services where available
- Expertise of dedicated specialists

VIP Processing

- Tekion takes charge of interstate DMV transactions by working directly with your buyer
- Reduced transaction time from months to a week or less
- Improved buyer satisfaction with direct engagement

Tracker Program

- Digital deal jacket for document uploads
- Streamlined communication via chat feature
- Alert notifications for status changes
- Status tracking for VIP customers without the need for interaction

Elevate efficiency and accuracy with
